

On behalf of the Bay Shore-Brightwaters community, the Library Board of Trustees and Staff offer their sincere thanks and appreciation to **Assemblyman Phil Ramos**.

Assemblyman Ramos and his staff arranged for the Library to receive funding necessary to qualify for matching funds from the **Bill & Melinda Gates Foundation/New York State Library Opportunity Online Hardware Grant** over the last two years.

Their combined interest and generosity enabled the Library to upgrade computers in the adult and children's areas, add computers in the new Teen room, upgrade our print management system and offer laptops for public use in the Library.
